

**ALL NEW RE-DESIGNED
PREFABRICATED DIABETIC FOOT
ORTHOTICS**

SPECIAL DEAL
On Orders Over 50 Pairs

Item # 319

Introducing the all new Mt. Emey off-the-shelf diabetic inserts. Made from fine quality materials for better arch support and accommodation. Heat moldable and PDAC A5512 coded for Medicare billing. They feature 1/8" EVA 55 Shore A base, with 1/16" PPT mid-layer and 1/8" ThermoZote top cover. Strong enough to provide ample arch support, while soft enough for pressure offload and shear reduction. All come with retail package.
